"LEST WE FORGET."

Are you a member of the Camden Cemetery Association? If so, have you paid your dues? They have been due since March 1.

In the spring of 1912 there was organized in our bustling little city a cemetery association with over one hundred members. Interest ran high at the time, but, it seems, we have grown careless. Of the number that joined only fifty-four paid their dues last year.

Can we afford to let the association cease to exist? No! We are under obligations to our dead to keep their resting place as beautiful as we can.

I fear some expect their dollar to do too much. Think with me for a moment. How many times can you have your lot cleaned off for the amount of your dues? Then, too, there are many in our cemetery who have no one to take care of their graves, also many of our town who have lots there who do not belong to the association. All these graves must receive attention regardless of these facts.

Now, dear members, let me appeal to you, on behalf of the committee in charge, to pay your dues. The association can not exist without these funds. Don't say "my lot is not attended to," but pay the dollar. Then go to the cemetery, show the sexton what you want him to do and tell him how to keep your lot. Some have told him not to do anything to their lots for fear he may destroy the flowers. For this reason he hesitates to enter the lots of others, for he says "I can't tell a flower from a weed."

I'm sure you'll find him humble and ready and willing to assist you at any and all times. Please bring or send your dues to me at once. Out-of-town members, please mail me the dollar at your earliest convenience.

Yours, on behalf of the cemetery association,

Mrs. W. ALBERT BELL.

95 Per Cent Fail in Business

Of the hundreds of thousands of merchants engaged in business 95 per cent of them fail. Why should they fail? Suppose 95 per cent of the people died of dysentery, what would we say? There is no more reason in 95 per cent of merchants failing in business than there would be reason in 95 per cent of the people dying of dysentery. It is pure waste. Statistics prove that 95 per cent of merchants who fail in business are non-advertising merchants. Advertising is the only anti-toxin. Results of good advertising are certain. The inexperienced generally meets with disappointments in his advertising. Advertis is an essential business just as medicine, law, dentistry, etc. The watchmaker takes \$5 worth of pig-iron and converts it into hair springs worth \$2,000,000. That is what efficiency does with pig-iron. What would efficiency do with your business? What every merchant needs is the assistance of an advertising specialist, who has studied carefully the problem of advertising efficiency. My years of experience in the field of newspaper advertising is at your service at the small sum of one-third of a cent an hour. I have the only reasonable plan for newspaper publicity on the market. Results guaranteed. Write me for my plan of assisting the local merchant with his newspaper advertising. Let me send you free my 62 copywritten articles on newspaper advertising.
